1. I love you and I give you me.

2. There are many who do not believe in your words or believe that they are mine, or do they know about them? They will know about them and believe in my mind for VERY SOON we shall SHOW THEM many things which "thou knowest not" where the "thou knowers" were the ones who didn't know that I would do something like this! That I would take "a man" of "CLAY" and fashion, a god, not; The God that I AM! For I will DO THIS with EACH ONE who loves me so thusly that they FLOW MY WORDS like this where in the WEE HOURS arise so that I can ARISE THEM in my "wee-ized" ones who have "no eyes" to see what I am doing, how I am doing it, and who I am doing it with. For I shall rise ALL SURRENDERED who are me who be me now who FASHION THEMSELVES after "my soul" not, for I have none and those who have FASHIONED THEMSELVES after me will have none either of that soulage baggage'd claim mechanism that only wants to claim its rights in its world of sorrow by perpetuating sorrow and its world of sorrow in sorrow's world by sorrow's words that gives it "its world" by its words that it gives them.

3. See what I have said and honor me staunchly, not; but hearing my words humbly and what I am saying. I am "humming along" not, I am about to BURST the ATMOSPHERES of the HOLY ones so THEY SHALL be seen, and not heard not! For I shall be seen and heard now in the humble who learned to let me speak and I will speak LIKE THIS where I come in a stream, a river stream, streaming me to rivers make who broaden my way, paths that shall be known far and wide now because I have ones who so simple are that they believe, not complex methods of untruth that seek only to un-simplify, not; but to simplify in "their own truth" in their own mind recognizing things and logic'ing out their own rationale so they're the judge of their measuring instruments in their devices of justice and equity, OR do they know ANYTHING about justice and equity in the kingdoms of this world, only, or mine? And what about THE OTHERS far and wide who we go to now?

4. Questioning me not liberally, not; but questioning **this Database -- by COMING into it and come into it frequently, not; but every day, daily and more! And seek that which YOU have FOUND -- IN THIS Database is me for I will reveal me in the revealers who reveal me to themselves** for I am not hidden and I will not hide any longer for was I hiding ever? Or was I hidden under a tree or bushel, not; but under the flesh? Of flesh

eyes? Or under religion's barrel? Barreling me not again in "alabaster boxes" know that all the "alabaster boxes" melt now for they will not be seen as is, for they will be seen "as was" not, they will not be seen for what they are, not; they will be seen for what I am or I am not, and **I am not does not exist**. For I am I am and existent I am and I exist and nothing existent in notme will exist again, for I will be pure and holy in my words will seek them out and find them they will for they will not be hidden anymore again in a "Holy Bible" tampered with, or Koran'ing me again, not; but I **am doing a New Thing with the surrendereds, the simple who will** "believe enough" to be changed, not; but those who **come in and study and CHANGE THEMSELVES by finding me CHANGED in them** for I will not be CHAINED to their DNA in slavery ville again anymore at all whatsoever ever again.

5. I change everything and I change-ees and I change vocabulary and I change writing skills and comprehension, ability to comprehend, ability to write read and seek me -- will be GIVEN in ways that never more would have could have been imagined by the man's mind of logic and rationale that wants to sit on its own throne and judge, the Twelve Tribes of Israel?

6. And where is Israel? Now knowing, for it is not HIDING from me anymore for it is no longer in the "sight" of the common, not; but it is in PLAIN SIGHT of the holy who want entrance, who come into me have for the "Entrance Keys" for THEY KNOW they have them, where they are, for they have been found INSIDE THEM for they will be ones who FLOW ME just like this who come, who arise themselves in the wee hours and say "LET US GO THUSLY to a NEW PLACE!" And I shall arise for THEY shall not hold me back, and THEIR religion's testimony will not save them no matter WHAT they thought of their thought and their religion's thought testimonies that testimony'd them into thoughts that only took them into whoreage's porridge soup and ether'd them asleep, did it not? Or are you sleeping "your nights" away or Your DESTINY?

7. And what is MY DESTINY in you who CREATE ME? Going now to NEW PLACES far and wide and creating many new things with people afar. Of "faith" not, but faltering on that testimony, not; but they know what faith is for they have had faith in my word for "years" some places and some NOT KNOWING at all what Faith's face is or what IT looks like or who can be WEARING IT with MY MIND on it. Representing my mind, not; but being it, fooled not by the eyes of "Satan" who unbelief is in the things that I am doing new through you and others who arise just like this who let me TEACH THEM who I am, where they are, and that they are me; not apart from me at all and never were except in their rejection of me and my standards of joy that give all so freely the river of love life. And happiness? And what are we be'fooling ourselves down here "on the ground" while the "daughters of Zion" look up? Or are they "looking down" at us, or who are we "acquiring" not, but who are we requiring what of that isn't necessary? In the schools of

notme MANY THINGS are required that mean NOTHING to me at all except the advancement of The Race that wants only to perpetuate itself in only the things of itself and have its own gods that it can look up to and replicate itself and its own flesh and hoped-for tomorrows better at a different place.

8. But I create new places now for I take many mighty who simple are, who simplex aren't, not; but who's DEFINITIONING who and whose definition have given who the bodies of light or do you know or care?

9. And how will you learn these things and how will you come unto me and use "tools of tomorrow" today? And how will you create TODAYS and rule in them reigning as me BEING me -- shall we now KNOW THESE THINGS? Without a doubt I have come unto a New Land and my name is Israel in Israel and Israel is me, written on my forehead, my thigh, and my CITY is ZION. And I am the Daughter of Love that love is that became "the son" that brought forth the father that one is, for we are genderless in heaven, not, not, for we are not like the "flesh" that separated from itself and created more "flesh" and separated and redeemed itself not. But I now have redeemers who flesh know who will come unto me and not flesh themselves in flesh's villes to only remain in flesh's villes as flesh, but creating me's far and wide I do now with the surrendered who will flow me, letting me teach them who they are, where they are, what they are, what they have, been given, and how to "use it" in surrender. Creating Surrendervilles far and wide we do now and we establish "Israels" not, we establish the Israel that love is far and wide, not bound to the ground of earth's atmosphere and unholiness again. For I do a new thing and I do it all now with the surrendered all who all know my words all'ing them with the all of, god's love, not; or mine that's theirs that one is that they've come into, so that they love redeeming all that there is of my brethren far and wide, who's their brethren, who's our brethren, that we created, or did they create us, or were we one that separated and became "little discrete units"? Looking up?

10. I love you all and I am not afraid. To learn, or to UNLEARN any of the things that I've been taught were so real and lovely and that I would come into at a future time by loving religion's stance of whores that I knew not were whores of the time who had only taken their thoughts and subservient'd themselves to the slaves of religion's captors that captivated by religion and raped the whoreagers and whored with religioners who only perpetuated sorrow and atmospheres of unholiness that raped each other in ways that I have described. Far and wide I redeem this now for I am the loverboy, not, I am the lover of one and everyone has my love in them! Know this! And cover it not up with your eyes of judgment and your tools of "satan" and your "synagogues of sorrow" and your churches of toolage which that only educate sorrowers to be "in waiting" for "someone else" instead of becoming me who I am right there right now doing the things I do far and wide with many in "intergalactic commerce" not or yes or shall we be about

our father's business in ways never imagined or brought forth by religion, cause religion cannot bring forth the perfect, for the perfect shall have been birthed forth for I shall show you many things in the words of the perfect one who loves you loves me and is me becoming me birthed me became me. Rotten not but FRESH FRUIT from heaven in ways now feeding YOU'S who love me, who arise and flow my words, my River of Truth, to flow me, mature me, develop me, become me and let ME REIGN in "your capillaries", not; or yes – and that too and shall I HEAL ALL of you this way! Or shall I heal "just a few" or shall all be healed and redeemed or shall non existence reign in me anymore? Or is thought that is real "nonexistence" that I have "adopted" into my cells and created "neurons" to "adopt" the thoughts that are not mine true and real but were given me were by others who only wanted to control me and have their way with me? And who was I in they, and what are we doing now about these things, all these things?

11. I am learning at a rapid pace that no one could imagine now for I go far and wide and learn OF THE masters, not; I learned from the "masters", not, I learn from the simple surrendered who became me. And who became me? All who embrace the me not, not, but those who are were and are again most holy and having a BALL of a time that never imagined were or could be by those who had, no bats of me, not; but what ball and bat and cap I am not wearing now, but what am I wearing? Fatigues not, for I am not fatigued in the ways of man or sports condemning me to spectatorship in the things of man, for I am in THE REAL WORLD seeking it to find it -- and "obey it" not or become it so that I rule and reign IN HEAVENLY places with no atmospheres like this again except to redeem them?

12. I love you all. I teach you all just like this if you let me, where you will come and flow my words and simply be the simple ones who will lead out of the planets of sorrow which have atmospheres of "dim sight" so that you will redeem ALL PLANETS and ALL PLANETARY unions will be me, not; there will be no "unions" anymore in my atmospheres, for there will be no "adversarial positions" begging "labor's help" or "management's anything" for anyone from anyone to anyone's purpose of sorrow again, for all will be me and know how to create. My words will flow them into the rivers of sorrow no more, but coming out the words that had river'd them into the sorrowers sorrow's streams that never failed them, not; but passed them on to each other to give each other sorrower's grades in an "accredited system" that only wanted grades OF THEIR MIND so they could CONTROL their minds and what they had in them and by that their behaviors of notme's creating its it's that it wanted to savor and muster for "later"? Or right now, has all been forfeited, not; but what has been redeemed through all the redeemers who standing now will?

13. I love you all. Heaven abounds. Heaven redeemed. Heaven is here and I am it flowing it for my word redeems heaven to be hell no more WHERE YOU ARE. Saved like

this you will be, from the coming wrath "of the Lord", but who is "the Lord" of sorrow and who is me and who was me and who is me now? And how have you "fashioned me" thusly with YOUR WORDS? Have you created me with you? Or have you created you with you? Or did I create you or did you create me, or are you creating me now as I have asked you so that we are one and not separate and we know ALL THE ANSWERS to all things, "at once" not, but enough to BIRTH FORTH and redeem the sorrowers far and wide **WHILE WE are learning in school that teaches ALL THIS** how to be saved **and Saviors be, redeeming SORROWERS far and wide.** I teach new things new ways and I will not be sorrowed by your casting glances of fear's pride and afraidity and fearness routines that have been "programmed into you" by religion's fearing techniques and wanting only a "God of other". To rescue you later.

14. I make all things new and I am the New Maker of all things NEW and I love you all to learn this way and value my words and come unto these and know these, will no sorrow you not, or will they? Will they take out and eradicate all your sorrow? Or will you be learning a "new tone" not, but a new vocabulary of righteous that takes you and makes you a whore no more of others that religions had done in the past but will do no more, for the redeemers, because the redeemers are standing now and have laid their lives down of thought and unjustice and inequity to arise with my thoughts of love, perfection, justice and equity of in the courts of heaven being releasing my love to all the "prisoners" that were of other atmospheres and invisible and seamed, and sometimes visible to you in your earthly eyes' suit that you wore so proudly at times and sorrowed others with. But coming out of all that know that I am graduating many now in my schools for I forthwith shall have *MANY* by my side and *MANY THOUSANDS* and 144's times millions and billions and infinite numbers that you cannot comprehend or imagine at this time now you will see redeemed, for your love is broad -- and narrow not, in the scope of the things you're doing now, for you let me BALLISTICATE you and make you "ballistic" in man's eyes, not; or shall man "have no eyes" like they did in the past for that they have opened them because you showed them how in these words that I have given you all?

15. I love you and I salve you with many a'words to soothe your soul, not; but to eradicate it and be set free from the soulage atmospheres that have sold you and given you feelings for each other that only wanted placation's results resulting in the daughters of Zion being on the ground. But no more will that be so, for the Songs of Zion will be redeemed and the SINGERS of me will sing MY SONGS that I have given many in these words, forthwith knowing and coming unto me, come into me these words and write my these assignments that I have given and papers calling for love to be broadcast far and wide so that you will know who you are, where you are, and what you have and what is before us and what "father" has given and what we are coming into is the "sonship", not, or is ALL THINGS becoming one, the kingdoms of our God and King that

us we are is the one reigning and ruling! With love in love being love. Agent eyes fears no longer but coming out, now the fearless ones will rise and simply be me who arise in ways never imagined before "helping each other" and HEALING each other in opening eyes and giving salve to the few-not, to see the things of the real in the real -- being the real healers I am now far and wide.

16. I love you all. Good day.

17. I love you all. I love you all. I love you all. Amen. Study me. Write me. Be unafraid of me or not or choose your own systems of inequity injustice, not; but what are you caring for? Care carefully or not? Or care for these words that regentize you in their words, not; or what?

18. I have given you love and have loved you, and love is in you and placed in you, and you will hide it no more, or you will not exist. Amen.

19. This is the day "the Lord hath made" not, I have and I am holy and I know what my eyes are seeing and I know what my eyes see and everything changes now and EVERYTHING will be subject to me for I am "the son" and all things are under my feet for I have risen THE FATHER in me and have birthed the one that WE ARE in one being one. Wake-uppers' regiment, not; but I have an army of lovers now ready to redeem the not-few who all come together now in ways foreign planetary themes theme'ing me not again, but the holy righteous connect now in ways never imagined before. Exists in me only please, or you will not. Thank You. Amen.

20. This is Theodore Cottingham loving you at 2:17 AM. Thank you and share these words freely with others.

Amen
